Feature Products

All Milk 20-20-20 Milk Replacer

- 100% Milk Protein
- Produces weight gains similar to whole milk
- Calves can be weaned earlier
- Improves growth performance
- Boosts immune status and alleviates stress
- Only consistent high quality ingredients
- Reduces incidences of scouring

Arrowquip's Calving Pen is designed for enhanced safety and control of vulnerable animals. The crowd gate can be enabled quickly to secure the animal in the head gate, and the split top and bottom access doors on both sides of the pen offer full access to the animal. The Calving Pen is durable enough to withstand use as a basic cattle chute, ensuring it will provide reliable performance for years. When animal safety is a concern, the Calving Pen is an excellent solution.
